

In memory of Andrey Yurievich Trifonov

(14.06.1963 – 6.07.2021)

On July 6, 2021, Andrey Yu. Trifonov, Doctor of Physical and Mathematical Sciences, Professor, Head of the Department of Mathematics and Informatics of Tomsk Polytechnic University, passed away due to complications caused by the new coronavirus infection.

Andrey Yu. Trifonov was born on June 14, 1963 in Tomsk. He found his vocation in the scientific and educational sphere. At the age of 32, he defended his doctoral thesis «Quasi-classically concentrated states in quantum mechanics». For more than 30 years he was working at the Tomsk Polytechnic University, going from an assistant to the head of the Department. Andrey Yu. Trifonov is the author of many scientific works, as well as textbooks on higher mathematics and mathematical physics. He has supervised eight PhD students. It is difficult to overestimate his contribution to mathematics education in Tomsk.

A distinctive personal feature of Andrey Yu. Trifonov was a respectful attitude towards people, regardless of their age and position. With his death, we have lost a loving husband and father, a good friend, a wise colleague and mentor. The memory of Andrey Yu. Trifonov will forever remain in our hearts.
